LAUREL GROVE

Walter Farra is hauling hops for Mr. Provolt.

Oscar Williams took a load of hops to your city this week.

He'll—some more snow and rain, it seems natural to have it rain.

George Cougle passed through our burg this week, en route to the city.

Jos. J. McFadden's smiling face was seen on our busy streets not long since.

No one is sick at this writing everything lovely and the goose hangs high.

John Clark is busy working assessment at the famous Iron Crown mine on Grays creek.

We are going to roast that Turkey good and done for Thanksgiving and maybe some chickens.

Seems as though "Monty" of Davidson was dead—he does not write many items any more.

Ducks are coming in for the warm winter we have here and they are fine large ones, too.

The hop men are almost as thick as the lumber men. You may see a load of hops going by most any time.

Jos. Gilmore of Murphy has a crew of men digging potatoes and may not get through digging this winter.

A nice, social dance was given at Jeff Wimer's last Friday night and those that attended report a jolly good time.

Louis Mitchell and Willard Gilmore have returned from Eastern Oregon where they have spent the past summer; glad to see their smiling faces again, and hear them say no place like old Applegate.

Work is being done on our county road between here and Grants Pass and is a fine improvement, as the road in that part of the district was bad. All we need is more money and we could have good roads everywhere.

JUMBO.

The Kerby school will give an entertainment Thanksgiving night, commencing at 8 p. m. which will consist of solos, recitations, dialogues, pantomimes, drills and many other good things. It will be enjoyed by all we are sure. It is something good. Held in W. O. W. hall, free dance until midnight. All invited—adults 35c, children 25c.

Edison and Victor Talking Machines at the Music Store.

WALDO

Fuller Bennett was here last week. J. D. Lewis is mining, also Mr. Wimer.

Gay Clark is visiting with Charlie Johnson.

G. Wimer made a trip to Selma this week.

Miss Ida Adams spent last week at Monte Vista.

Miss Anna Slagle spent Sunday visiting her old chum.

The streets of Waldo are coated with a very little mud.

W. J. Wimer made a business trip to Grants Pass last week.

Miss Ona Hearney made a short visit to Kerby last week.

William Borgman and Joe Johnson are working at Monument.

Most of us expect to attend the Thanksgiving ball at Kerby.

Miss Julia O'Brien and Ida Adams had a real old-time chat Friday.

No school last week on account of teacher's institute at Grants Pass.

Miss Florence Huston, the Deering teacher, visited this place Sunday.

Walter Strong's baby is on the sick list. Dr. Klopper was called Saturday.

Herman Borgman and Louie Childs finished their contract on Elder Creek Sunday.

Mrs. D. Slagle is also on the sick list. Cleaning house doesn't agree with "Aunt Sis."

Homer White is rebuilding the old Wimer house here, where he intends to live this winter.

Jack Saums still holds the job as liveryman at Waldo. Old Jack looks as happy as a clam.

Mrs. Mary Valen is cooking at the Pioneer hotel at Kerby. Delia is keeping house for Mr. Valen.

Mr. and Mrs. R. L. Corrier are visiting with their son and daughter-in-law, Mr. and Mrs. Leon G. Corrier.

The Crescent City stage travels daytime now, which makes it much pleasanter for McNeill and that other little fellow.

Lush Slagle who has been working at the Mammoth mine, Kennett, Cal., visited home last week but went down to Jerseydale, Cal., where his brother Charlie is.

John Baughman and Clarence Strong left for Kennett last week. Everybody seems to have the Kennett fever, but Little Tot is well satisfied with Waldo.

LITTLE TOT.

Dairying in Jackson County.

D. W. Wheeler, who resides near Phoenix, tells the Medford Mail his experience in dairying in Jackson county on a small scale: "Speaking about dairying as a money making business, let me tell you what I have done. Our dairy herd consists of eight cows, all grades, two red Durham, two roan Durham, three Jersey and one Polled Angus. Two of these are two-year olds and have been giving milk since June. Our cream check for October was \$71.61, besides which we churned 14 pounds of butter at home, worth \$3.50 and used for the family 30 gallons of new milk, which if valued at 20 cents per gallon, would be \$6. We also used seven and one-half quarts of cream, worth \$1.50, and fed 7423 pounds of skim milk, worth 10 cents per hundredweight, or \$7.42, making a total of \$90.03 for October. For the year beginning November 1, 1906, our cream checks amounted to \$54.65 besides which we had milk, cream and butter for the family use and the skim milk for pigs."

PROVOLT

Monty Imbler of Willimas was at Davidson Saturday.

Thos. Lewman was at upper Willimas Thursday on business.

W. M. Sonson was at Grants Pass Tuesday with a load of hops.

Miss Alice Lewman made Grants Pass a visit Monday, returning Tuesday.

Henry Pernoll, the Applegate baseball pitcher, was at Grants Pass this week on business.

Willie Farris of Applegate is in the employ of the Iowa Lumber and Box Co. mills at Medford.

We are sorry to learn of the death of Mrs. W. Wright of Thompson creek as she was highly thought of at Provolt.

J. Berry, Jr., was at Grants Pass Friday and Saturday on hop business for the firm of Berry & Paine of Applegate.

Imbler & Sparlin are running their placer mine at present. It sounds like something doing to hear the roar of the giant.

Jessie Gotcher went to Provolt Saturday in the interest of the new creamery, which will soon be in operation at that place.

Chas. Fields who has been on the sick list is now slowly improving from an attack of typhoid fever. Dr. Loughbridge was in attendance.

J. H. Miller is doing some fencing this week. Mr. M. is making his fence of wire which will be the best in this section when completed.

Edward Layton returned home Saturday from the Mt. Pitt mine where he has spent several weeks mining since his return from Nome, Alaska.

C. O. Bigelow is still in the Gray-back mountains gathering cattle. Mr. B. tells us of plenty of snow and cold winds which he has to endure while on the range.

Mrs. J. Lettka was at Provolt this week to visit her daughter, Miss Florence, who is staying at that place. She also visited Grants Pass before returning home.

B. W. Baldwin, one of Provolt's hopgrowers, was at Grants Pass this week on hop business and to look after his interests in the saloon of Baldwin & Burnett of that place.

L. C. Hyde, who recently sold his farm at Provolt to Miss A. Stone of Colorado, made a trip to upper Willimas Thursday on business and to look at the farm of Jasper Livermore.

The meeting of the stock holders of the Applegate creamery was held at the church at E. Badgers Saturday, November 17, to make arrangements as to where it should be built to make it more convenient for all points of the surrounding valleys. It was suggested and seconded to be built at the forks of the Applegate and Willimas roads on the farm of S. Provolt, which will make Provolt one of the principal places of the valley and southern Josephine county.

E. N. Provolt, Thos. Lewman and Ulysses Provolt of this place were at Missouri Flat Saturday after cattle that had come from the Grabyack mountains to the farm of Billy York of that place. We find stock looking fine and pasture good, but, O, we found nobody taking any interest in the new creamery which is to be erected in the next month or in the new rural telephone which will be erected from Grants Pass to Murphy, Provolt and Williams. What is the matter? Missouri Flat is a place of many industries and has a fine farming section of the Applegate Valley where beef cattle are fed and sold; it also has two stores, postoffice, and the famous Mt. Lion mine which makes it necessary for a rural telephone and creamery. Farmers, put your interest in this great industry and help shove it to the front and be one among the rest of the fertile valleys. Do not stand behind, but join in with P. W. M. and help the valley to compare with the famous Rogue River and Hood River Valleys. We have the soils, we have the water so now let the citizens do the rest.

Convention Nominees.

The ward conventions preceding the regular annual city election were held on Thursday evening in the several wards, to make nominations for councilmen. The following candidates were placed in the field:

First ward—H. C. Kinney, Geo. H. Durham.

Second ward—H. V. Meade, Dennis H. Stovall.

Third ward—Henry Hiller, Geo. W. Lewis.

Fourth ward—W. T. Coburn, Frank Fetsch.

The city convention, to select nominees for mayor and treasurer was held Friday and L. B. Hall and Dr. J. C. Smith received the nomination for mayor. Col. W. Johnson was re-nominated for treasurer.

MONTE VISTA

Mrs. Adah Morrison is on the sick list.

Lee Robinson's face was seen here Sunday.

J. Farren and Glenn Morrison are hunting pigs.

C. Bogue and B. Bogue made a trip to Kerby Tuesday.

Dr. Klopper was called to see Mrs. Morrison last week.

Harry Brown is still furnishing most of this part of the country with beef.

Miss Ida Adams of Waldo spent a few days with Elzora Woodcock last week.

Mrs. Ellen Masters has been here the past two weeks, working for Mrs. Morrison.

Q. Woodcock is putting an addition on his sheep barn. He now owns 76 head of sheep.

It has been raining quite hard here the last few days which makes it disagreeable for the farmers.

Misses May and Audrey Carter visited their father on the ranch last week. The girls are attending school at Kerby.

Stanley got bitten quite severely by Woodcock's dog, a few days ago. Dogs bark at strangers here; isn't that funny?

Mrs. Nettie Fleming who has been up in Alaska returned to her old home at Whipp's a few weeks ago. She was accompanied by Mrs. Lafa Sparhawk and three children.

TOT LITTLE.

NEW HOPE

Rain, and still it rains.

David Daniels of Murphy was in our midst Sunday last.

O' yes, and Victor Daniels has a new gun. Hurrah for him!

Howard Wynant visited with relatives of this place Sunday last.

Mrs. Sarah Stringer who has been seriously ill is slowly improving.

Messrs Geo. Walter and H. S. Wynant were at the Pass Tuesday.

Bert York of Davidson is visiting with relatives of this place this week.

Veroffe McCole, who has been attending the Grants Pass schools has begun attending school here.

SHORTY.

John McCallister has sold his farm and will move to Provolt soon.

Fine warm weather, flowers in bloom and plenty of ripe strawberries at New Hope.

Miss Bessie McCole came home on a visit after taking in the teachers' institute at Grants Pass.

Geo. Altpeter has just finished a cozy little residence on his Applegate farm and is otherwise improving it.

Miss Josephine Hathaway attended the teachers' institute at Grants Pass and says she was well pleased with the proceedings.

We hope Brother "Shorty" will excuse us for taking his name in vain, as we had no thought of offense, but then we are glad that the item referred to had the desired effect to bring him to the front again. Be true to your trust, Shorty, and you soon will become a famous scribe.

The farmers are all busy sowing grain and otherwise making improvements. But they are not too busy to attend public meetings as many of them demonstrated by their attendance at the fruit growers union at Grants Pass. The farmers of New Hope are progressive as well as industrious.

A few old fogies in this section want to sell out. We suppose New Hope is becoming too progressive for them. We hope some up-to-date farmers will buy them out as we believe this is a good place to invest. Oh, ye old fogies, we shall mourn your departure, but will certainly swap you off if we have a good opportunity.

OLD FOGY.

Dr. W. O. Manion, supreme medical director of the United Artisans, spent Monday in the city and in the evening gave a talk on the business side of fraternal life insurance. The doctor is a very forceful speaker and has a good subject on which to speak as the benefit feature of the United Artisans is founded on strictly business principles and its affairs are administered by business men. The Artisans have profited by the mistakes of the many fraternal orders and its assessment and reserve fund plan are the best of any order as it has a reserve fund sufficient at the present time to pay off all benefit claims as they come due even though it should not take in another member, and contrary to the necessities of many fraternal benefit orders, will not be obliged to raise the assessment rates when the members have reached an advanced age.

AN IDEAL COMBINATION

Beauty of Expression and Grace of Posing

Are the most essential elements of a faithful Portrait. We all desire photographs that are portraits of our most charming expression and graceful attitudes.

To delight your friends at Christmas with such a photograph, arrange at once for a sitting at

LOVERIDGE STUDIO

Grape Vines.

All the best varieties, healthy and vigorous.

Peach Trees.

Strong, well-rooted and leading kinds.

Largest Nursery Stock on the Pacific Coast.

Our Prices are Right and our stock the best.

WILDERVILLE

Rain, rain, rain—the glorious rain. We can boast of our luscious apples.

The subject being of such great importance, was well worth hearing.

Carrie Lynd has come home after several months of faithful work at the Wilderville hotel.

The school teachers are back to their schools since attending the teachers institute last week.

George McCollum erected some very nice tomb stones at his mother's grave in the Wilderville cemetery.

All you Sunday-stay-at-homes missed an excellent sermon from Mr. Akers Sunday, the 18th. Subject—"Building a Character."

We wonder if the parsnips around New Hope that "Shorty" speaks of are so large or they have such small horses that they are not strong enough to pull them from the ground.

UNCLE FULLER.

WIMER

Mr. Davy made a trip to Woodville this week.

James Oden made a business trip to your city this week.

Wm. Bybee of Jacksonville is spending a few days at Bybee Springs.

D. E. Neathamer drove a band of fat cattle to Grants Pass last week.

Mrs. A. E. Davy has moved to Woodville for the purpose of sending her son to school.

Miss Emma Neathamer took Friday mornings' train for Los Angeles, Cal., to be gone several months.

A dancing party was given at Bybee Springs last Saturday night, all present seemed to enjoy themselves.

Most of the cattle have been brought in from the range for the winter, most of them are looking fine.

J. B. Hillis, O. W. Miller, Dr. Vrooman and J. D. Neathamer were in Grants Pass last week on court business.

O. W. Miller, who had several ribs broken a short time ago, has recovered sufficiently to be able to resume work again.

Mr. Staub and E. D. Thompson of Wimer, have returned from San Francisco where they spent several days on business.

HAVE YOU CATARRH

Breathe Hyomei and Get Relief and Cure. Guaranteed.

If you have Catarrh with its many unpleasant symptoms, you should begin to use the healing Hyomei at once.

Hyomei is made from nature's soothing oils and balsams, and contains the germ killing properties of the pine forests. Its medication is taken in with the air you breathe so that it reaches the most remote cells of the respiratory organs, killing all catarrhal germs and soothing any irritation there may be in the mucous membrane.

A complete Hyomei outfit costs but \$1, extra bottles, if needed, 50 cents, and Rotomund gives his personal guarantee with every package that money will be refunded unless the treatment cures.
